3/4/2016

Dear Customers,

It is of great importance to Dyenomite Apparel that our products are safe and in compliance with all laws and regulations. According to the Consumer Product Safety Improvement Act (CPSIA) of 2008 and its subsequent amendments, dyed and undyed apparel are exempt from lead testing ("Children's Products Containing Lead; Determinations Regarding Lead Content Limits on Certain Materials or Products; Final Rule," 74 Federal Register 164 (26 August 2009), pp. 43031-43042). Dyed and undyed textiles were added to the CPSIA determinations of products that do not exceed lead limits (therefore, exempt from testing) in August 2009 (CFR § 1500.91(d)(7)). Furthermore, Sections 101 and 102 of CPSIA, to which we are responding, applies solely to products intended for children age 12 and younger (Public Law 110-314: Consumer Product Safety Improvement Act of 2008." 122 Stat. 3016; 14 August 2008). Goods such as our footwear are exempt from lead testing as they are meant specifically for adults and are available only in adult sizes.

For these reasons, Dyenomite Apparel believes it is in full compliance with CPSIA's lead rule.

Please contact us if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Nathan Brown", is written over a white background.
