

November 26, 2018

Mr. Peter T. Gelfman  
Alpha-Broder  
6 Neshaminy Interplex  
Trevose, PA 19053

Good morning, Mr. Gelfman,

Regarding your request for information regarding Prop 65 Compliance of Robinson products, the list of styles you sent to us is not identifiable as style #'s that we have produced. That said, we understand from your last voice message that Alpha Broder may own products that your company purchased from Robinson in 2014. For this and all of our products, we are able to make the below statement:

**A Prop 65 warning label is not needed on any of the products that we sell, produce or import because none of them contain a Prop 65 restricted substance.**

Best regards,

A handwritten signature in black ink, appearing to read 'Katherine Robinson Griffin', is written over a faint, larger version of the signature.
