Prop 65 Statement of Compliance - Affidavit

January 02th, 2020

Dear Valued Customer,

California Proposition 65 (also known as the Safe Drinking Water and Toxic Enforcement Act of 1986) refers to the California legislation that was intended by its authors to protect California citizens and the State's drinking water sources from chemicals known to cause cancer, birth defects or other reproductive harm, and to inform citizens about exposures to such chemicals.

Proposition 65 requires businesses to notify Californians about significant amounts of chemicals in the products they purchase, in their homes or workplaces, or that are released into the environment. By providing this information, Proposition 65 enables Californians to make informed decisions about protecting themselves from exposure to these chemicals. Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

All of Colorado Trading & Clothing Company's textile products, as well as any decorating and printing inks used on our products, have been fully tested and do not contain chemicals at concentrations that would require a California Prop 65 warning label. We can provide, upon request, copies of test reports from accredited, third-party testing labs to verify Proposition 65 compliance of our items.

While we produce and ship products to buyers/customers outside the state of California, where less rigorous safety regulations are required, every product we deliver maintains full Prop 65 compliance. All products, regardless of destination, are tested in the same manner by independent third-party testing labs.

Colorado Trading & Clothing Company (a.k.a. Active Fashion Group) hereby certifies and guarantees that the above is true and correct. If you should have any questions, please do not hesitate to contact us.

Sincerely,

Barry Malloy
